Staffing and Support

Looking For Ways To Increase Your Bottom Line?

As costs increase and profits shrink in a depressed economy, everyone is looking for ways to save on support and maintenance. Hi-Tech offers Discounted Time Blocks, On-Site Staffing, and Hardware Support Contracts that can significantly reduce yearly IT Expenses.

- + Reduced Labor Rates
- + Reduced overhead, increased profitability, and efficiency
- + Dedicated Industry Trained and Certified Engineers
- + Flexible Offerings

Pre-Paid Engineering Time Block:

Reduced Labor Rates on pre-paid time blocks are available in 5, 10, 25, 50, and 100 hour blocks. Time Blocks are great for small and large projects and unused hours never expire.

On-Site Support Staffing:

Hi-Tech can reduce overall IT costs by providing a dedicated on-site engineer to assist all of your IT needs. Our Engineers carry Industry Standard Certifications and are available in 1/2 and full day long term assignments.

Hardware Support Contract:

Let Hi-Tech take the guess work out of Hardware Maintenance Costs with a flat rate support contract covering parts and labor. Support Contracts are available for a variety of devices.
